Why sponsor? ----

CAPWIC 2021 is a great opportunity for your company, organization, or academic unit to show your support for diversity in technology fields, your commitment to the success of technical women, and to recruit the bright minds of tomorrow!

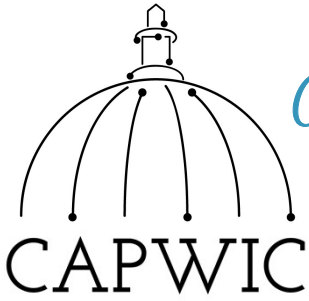

CAPWIC is a Celebration of Women in Computing that provides a low-cost, regionally tailored, small conference for women in computing. The participants will be female students, faculty, and professionals, as well as male supporters of women in computing.

The event provides a venue for future computing professionals to gain confidence in their skills, network with each other, and learn from accomplished technical women. The event includes distinguished speakers, panels on academia and industry, student and faculty presentations, a student research poster contest, and a career fair for students in computing fields.

For more information on sponsorship opportunities, visit our website capwic.org or contact us at sponsor@capwic.org.

The 2021 conference will be held virtually.
